

Robotixkids as an extra-mural activity is introduced to all learners who want to have fun, by **BUILDING and CODING** robot models.

The lessons incorporate **STEAMD education**.

During these classes the child's planning-, problem solving skills, creativity, and teamwork are being developed and expanded.

Our tutors' aim is to do their part in shaping these young minds for the future.

➤ **Here to follow below, is important information for Term 1, 2025:**

- **First classes: start on 30 January 2025**
- **Final classes: for Term 4 will be on 13 March 2025**
- **AS NORMAL: classes are presented weekly.**

THURSDAY Group

30 January	First lesson
6 February	Second lesson
13 February	Third lesson
20 February	Fourth lesson
27 February	Fifth lesson
6 March	Sixth lesson
13 March	Catch-up class

Dunatos Extra Mural: Days and Timeslots

- **Thursday**
14:30-15:30

Our main aim is to make the lessons enjoyable for children, by allowing them to play with, and freely explore the robot model that they have built themselves, before leaving class.

It might happen that this enjoyment could take up an extra 10 minutes, after class.

We try our best to make sure that all learners complete a fulfilled Robotics and coding experience.

NO REGISTRATION FEES ARE APPLICABLE.

PLEASE NOTE:

The term program consists of
6 lessons over a period of 6 week
at R780.00 per term.

Payment for Term 1 is due not later than 26 February 2025
